Raised in a dysfunctional family and virtually homeless by 17, Johnny Schillereff turned his life around by applying his passion, knowledge and endurance, taking his dreams from concept to completion.

An avid skateboarder since the age of five, Johnny immersed himself into many different sub-cultures. He took this eclectic background and applied it towards his unwavering dedication to making a positive difference in the world, by creating Element and its famous Tree Logo.

Come listen to Johnny's story of how he has built companies from the ground up that have shaped the industry and youth culture.

The "Food for Thought" Program gives juniors and seniors a chance to talk about their post-high school plans with successful business and community leaders. The 200 students invited each year are guests of the Garden Grove Community Foundation at the Luncheon, which features a guest speaker sharing motivational life lessons with the teenagers. The event was founded as a way to encourage local youth to achieve their personal best. To support this effort, sponsor a student for just \$20, attend the Luncheon, or choose to do both. For reservations or more information, please use the reverse side of this form, or call (714) 741-5280.
